Billions

giga

10^9

Hundreds of Billions	Tens of Billions	Billions

* At the time of making this poster in March 2008 the Earth's population was c. 6 446 131 714

* It is estimated that by 2030 there will be 1 200 000 000 cars in the world.

* By saving $1000 a day it would take 2 737 years, 10 months, 7 days to save a billion dollars
